Division / Department, Place:	Merck Healthcare – Digital Ethics & Bioethics	
Assignment / Area of Activity:	<p>The assignment is set in the Digital Ethics & Bioethics / Global Health Unit at Merck Healthcare. The Function reports directly to the CEO of Merck Healthcare</p> <p>The team works across all sectors of Merck, finding solutions to answer ethical questions arising from our work – may it be bioethics / medical ethics or data & algorithm ethics</p>	

	<p>We're a small, new team and in the last years our focus has been to establish principles in data ethics for the Merck Group. With this in place we are now implementing this into our processes, projects and even our software - making us an industry thought leader in Digital Ethics. You'll be a core member of the team, driving this leading initiative forward.</p> <p>The corresponding website: https://www.merckgroup.com/en/sustainability/products-and-businesses/compliance-and-ethics/advisors-for-bio-and-digital-ethical-issues.html</p> <p>This interview gives an insight into the work: https://www.merckgroup.com/en/sustainables/story/bioethic/</p>
